SUPPLEMENT TO
REPORT NO.

25X1X

1. An electric power station is being constructed in Petrovo which will furnish electric power to Nevrokop and will supplement the electric power of Sveti-Vrats.
2. In Sofia, on Tsar Boris Street near the barracks of the 1st Regiment of Engineers, there is a factory making Tsar Boris radio sets. These radios operate on dry batteries of 120 volts. They have a range of five kilometers for voice broadcast and of 15 kilometers with Morse code.

25X1A

Comment: Battery voltage of 120 volts for portable equipment possibly indicates transmitter-receiver combination, useful for security police and army work.)
